

# ROCKET

**Roadmap to Communicating Knowledge Essential for the indusTRial environment**

## ROCKET 2nd Workshop Preliminary programme Brussels, 13/14 February 2003

### Location

VUB - Building and room TBD  
Campus Etterbeek, Pleinlaan 2, Brussels

### Date and Time

February 13th 2003 – 20:00 Keynote speech and social dinner  
February 14th 2003 – 09:15 Workshop; 12:30 Buffet lunch

### Overview

The ROCKET project (Roadmap to Communicating Knowledge Essential for the indusTRial environment - IST-2001-38245) committed to prepare a strategic roadmap for future developments in organisational learning relevant to the education of engineers and knowledge workers.

ROCKET aims at indicating ways forward to tightly integrate learning and knowledge management. The results of the ROCKET roadmap project will provide guidelines for enhancing human knowledge and its use within organisations. ROCKET is also building up a community of stakeholders for future projects within FP6.

### The Workshop

The second ROCKET workshop will bring together European experts from industry and academia to present and discuss the consolidate project results in the state-of-the-art of Knowledge Management, E-Learning and roadmapping, as well as the initial findings of the users' requirement analysis and the vision statement.

A special timing and format have been devised for this second workshop to favour active participation of all the participants. The workshop is open to all interested parties. A limited number of places is available and they will be allocated on a first-in first-served basis. A fee of 100 Euros will be levied for each participant to cover the living expenses of the workshop – dinner and buffet lunch are included in the fee.

## **Agenda of the workshop**

**EVENING SESSION                    13/02/03                    20:00**
